President's Message,

Dear Members:

We are now beginning our third year as an indoor dog training club. What a change from the years in the parking lot! We hope to soon finish negotiations with the property owner that would allow us to stay in our training facility for the foreseeable future.

As our July Obedience Trial approaches, keep in mind that this will be the perfect time to work your 5 hours for the club if you haven't already done so. Working just 5 hours allows you to pay half price to attend the Awards Banquet – and it is your “give back” to the club. We hope that everyone wants to make a contribution. And don't forget to make note of the time you work in the black binder at the TC (Training Center). That will be our reference at the end of the year.

Don't forget to do something fun with your dog today. Sometimes we get so stressed with training our dog how to perform perfectly, we forget that our canines need some R&R just like we do. Play ball, visit a different park, or give him a massage. They do so much for us and ask for so little.

Important Notice about May Meeting

We are close to finalizing a decision about the new lease for our training space. This will include arrangements for a new air conditioning system. At the May meeting we will be discussing this topic and voting. Please plan to attend.

The Obedience Club of Daytona is very proud to present
on July 18 Monday & July 19 Tuesday, 2016

A 2 day Seminar/ Workshop with

CELESTE MEADE MAURER

Day 1 Novice, Heeling (on and off leash), Figure 8's, Recalls **Day 2 Advanced Work Open/ Utility**

As a professional dog trainer, Celeste has had a successful career competing nationally and training dogs for over 20 years. She has achieved numerous titles in obedience, conformation, tracking and sheep herding while earning #1 rankings, multiple HITs Championships, and numerous Dog World Awards.

Beyond her personal successes, she takes even greater pride in the success of her students. They are among the most successful competitors in the country with OTCHs, over 60 UD's, not to mention multiple HITs, top placements, and national wins. Whether outside a ring warming up a student or outside cheering them on, Celeste puts her heart and soul into every dog and handler team. She prides herself in "Attitude is Everything" way of training and Aerobic Handling Techniques.

Celeste's upbeat, motivational method combines embracing the distraction, NOT correcting them. "Without want-to in the dog, the have-to will always dwindle down attitude in the dog's performance. Being in the ring should be the most enjoyable place for the dog! Celeste feels that the time between exercises is a gift given to handlers, by the AKC. To motivate, reconnect, reduce stress, regain attention, and set up for the next exercise. She not only knows how to reduce stress in the dog, but she creates confidence in the handler,

that every dog needs for proper team partnership.

A FUNNY SIDE TO OBEDIENCE

HEELING:

The dog is moving perfectly at heel, but is on his hind legs all the way around the ring. All four feet on the ground only when sitting.

The dog does the entire heeling pattern with his mouth holding onto the handler's dress hem.

A brace team of poodles did the heeling pattern with the youngest dog having his dad's ear in his mouth. This obviously kept his dog from lagging.

The judge gives the fast command to a handler with an ex-racing hound. The dog hearing fast runs around the ring like a bullet ricocheting around a room. As the judge says normal, the dog returns to heel position and finishes like a dream.

LONG DOWN-NOVICE:

The dog has not come for the recall exercises. Why not do it now? As the handler is waiting across the ring for the long down. The dog decides this would be a perfect time to do the best recall he has ever done. Isn't he darling?

FIGURE 8:

The handler and dog start out the same till they come to the post. The dog goes in front of the post while the handler goes behind the post! now what?

DUMBBELL RETRIEVE:

The dog promptly retrieves the dumbbell and returns to sit in front of the judge. The judge takes the dumbbell and finishes the dog.

GROUP LONG DOWN:

At an outside show, the dog suddenly realized he never got breakfast, and is now starving and eating grass. He eats the grass until the handler returns, and promptly regurgitates as handler is at heel position.

GROUP LONG SIT (out of sight):

The dog remains sitting for about 30 seconds, lays down for 15 seconds, and stands up for 30 seconds, decides to sit for the rest of the exercise. He looks like the perfect dog as the handler returns to the ring.

GLOVE RETRIEVE:

The little terrier goes for the glove and "kills" it. After he is sure it is dead, he rushes back to the front of the handler and refuses to release the glove till he is in heel position, where he drops the glove.

Yes, dogs will be dogs! Lets not forget they will do anything unexpected at the most inopportune times. If you cannot appreciate the lighter side of obedience competition, you are in the wrong sport. They are not perfect, enjoy them & love them while you can!
